

Investing in Children is a Children's Rights organisation based in County Durham.

We believe that children and young people are knowledgeable about the world in which they live, and can be powerful participants in political dialogue and persuasive advocates on their own behalf.

Investing in Children provides support for all young people to enter into dialogue with adults who may have the power to act upon their agenda, often resulting in improvements in the services themselves.

We have been approached by Occupational Therapy (OT), Physiotherapy and Speech & Language Therapy departments to complete some work with children and young people who access the services.

Please find a flyer enclosed with further details how you and your child can be involved.

Parents/carers are also invited to join a conversation with the Integrated Commissioning Service, County Durham Care Partnership as part of a review of the Speech and Language therapy team which will take place at the same time and in the same building as the children and young people's session.

Kind Regards  
The Investing in Children Team
